Short overview

Project contains **4 Indesign files** (CS4 and CC) nad **4 MS Word files** (doc and docx). All elements are prepared for easy edit, however if you are not familiar with Indesign please send me a message and I'll try to help you.

Changing colors

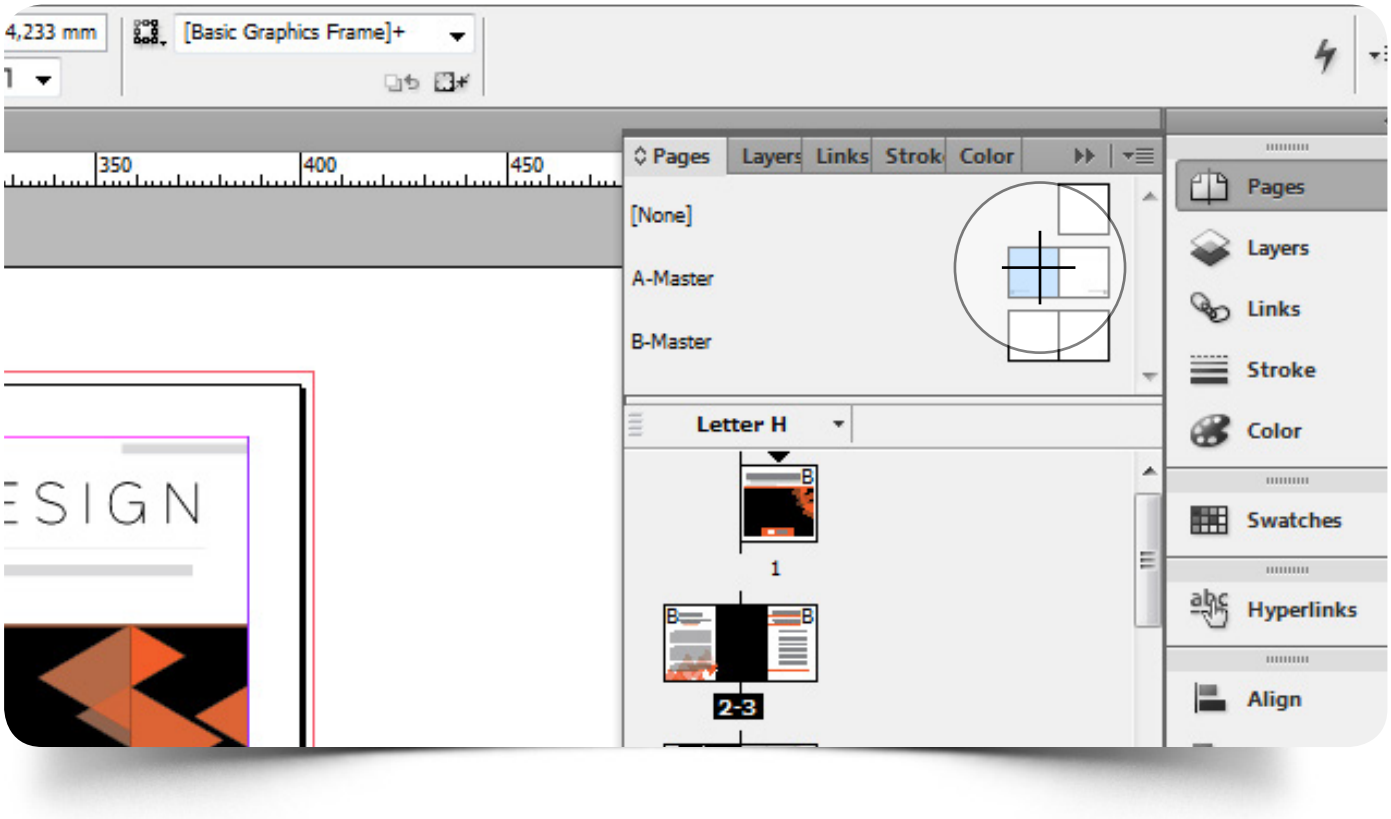

If you would like to change color of the shapes in the project please go to swatches or fill section and double-click on the color that you would like to change.

Changing footer

in Adobe Indesign

If you would like to change the footer (page numbers) please double-click on Master Page.

Placing pictures

in MS Word

1. Click on shape where you want to place the picture.

2. Choose **format** on you menu panel

3. Choose **shape and fill picture**

4. Find and select your picture.

If you have any other questions please contant with me by using contact form on my profile page.
